All children/youth enrolled in parish programs are to be trained in the most current version of diocesan-approved safe environment curriculum each year. For all grade levels, the approved curriculum is ***Circle of Grace*** from the Archdiocese of Omaha.

Parents who do not want their child(ren) to receive this training are asked to sign an “opt out” form. Parents are encouraged to review the training materials before making this important decision. Materials for education in the home are to be provided to parents who choose to “opt out” of this safe environment training.
