

## Required Labor Posters

Be aware that some posters must be visible to job applicants while other posters must be visible to your employees, and some to both. Each poster will designate its location within the text. You may need as many as 1, 2, or 3 copies of each poster if you have a parish, school, and/or ECC. The posters should be placed in all locations where visitors and job applicants arrive as well as breakrooms for employees.

In a general office area, where visitors and job candidates will arrive.
